

January 1, 2019

Dear Industrial Hemp Grower:

You have requested a hard copy of the Industrial Hemp Grower Survey for 2018. If you had industrial hemp growing in the field or the greenhouse at any point in 2018, you must fill out the survey even if you did not harvest or if you lost your crop to the weather. Every question is REQUIRED. If the question does not apply please use an entry of "N/A". The survey is 20 pages long and single-sided. Please be sure to answer each question and put the pages back in order prior to sending it back. If you have copies of weigh tickets, certified variety tags, disease diagnoses, soil tests, or other relevant information to the research process, please include them when you return the survey. They will not be used in their raw format. Everything will be summarized and analyzed before data is shared with the state, so that growers cannot be identified.

Please return the survey to Angela Post 101 Derieux Place Campus Box 7620 Raleigh NC 27695-7620  
Postmarked by January 31<sup>st</sup>, 2019. You may also scan the completed survey to pdf and return it to me by email if you prefer: [angela\\_post@ncsu.edu](mailto:angela_post@ncsu.edu)

Regards,

Dr. Angela R. Post
